Our Purpose

810 Entertainment is an upscale entertainment, dining, and bar experience that focuses on bringing families and friends together for social interaction, friendly competition, and great food.

We want to take our premium entertainment experience, traditionally only available in large metro markets, and make it available nationwide. 810 has a broad demographic appeal offering a strong value proposition for guests by providing myriad entertainment options and competitive pricing.

Our Edge

The positioning of the 810 brand name & design aesthetic is the result of a thoroughly-researched and proven brand strategy:

- > A broad demographic appeal that brings a diverse and complementary revenue mix
- > Vendor relationships that translate into significant cost savings for 810 franchisees
- > Creating an inviting and impressive environment through practiced layout optimization and design
- > Offering a strong value proposition for guests by providing a multitude of entertainment options and competitive pricing
- > A natural conversion for former big-box retail and grocery; sensible solution for landlords seeking to move away from retail

Our Environment and Bowling

Not your average bowling alley, all 810 locations leverage state of the art bowling equipment, a full scratch kitchen, and tasteful design to create a destination that customers love both for a night out with friends and for large group outings and special events.

Our technology solutions and processes allow for a seamless customer experience across our venue whereby our guests have a single tab throughout their visit.

We leverage a proprietary manufacturing relationship to offer our franchisees state of the art bowling equipment at significantly reduced prices. All 810 bowling lanes are brand new, equipped with automated, interactive scoring systems, automatic bumpers, our signature furniture package, and feature lighting built-in.

Billiards, Gaming and Entertainment

We offer championship size, high-quality billiards tables with true drop pockets available for rental by the hour, as well as shuffleboard tables available for hourly rental.

Billiards, Gaming and Entertainment Cont.

Since being on a wait-list for bowling is where we like to be, we have a variety of other gaming options available to guests while they wait. These include corn hole, darts, ping-pong, and assorted board games.

As our various locations and venues warrant we also offer additional revenue-generating entertainment options including arcades, miniature golf, golf simulators, interactive darts, interactive shuffleboard, live entertainment and other social gaming options.

Food and Bar

The 810 menu is designed by our in-house Executive Chef and is continually updated with new items and recipes as trends change. We feature a large selection of shareable plates in keeping with our "Be social" mission. We also offer scratch-made pizza, char-grilled Angus burgers, and a variety of sandwiches, salads, and sweets.

With a variety of draft and craft beer, a curated cocktail list, and a variety of wines by the glass, the bar at 810 is your perfect destination for happy hour, late night, or just a pit stop in between games!

From corporate events to private celebrations, 810 offers elevated catering with customizable menus, carving and pasta stations, and flexible bar packages designed to create a premium group dining experience.

Mean Mugs Milkshake Bar

The brand-new Mean Mugs milkshake bar features 12 unique and over-the-top milkshake combinations, crafted with more than 40 different ingredients, and served in a friendly and fun atmosphere.

The concept of Mean Mugs was inspired by the owners' beloved pet pug, Belle, who despite her occasionally "menacing" looks, is a true sweetheart. The mascot of Mean Mugs, Mugsy, is a fun-loving misunderstood pug with a mean-looking mug that embodies the brand's celebration of individual expression. Through its offering of unique flavor combinations, Mean Mugs allows customers to enjoy all aspects of their personality and taste preferences while honoring their inner child.

Conversion of 2nd-Gen Opportunities

Conversions of higher-end bowling and entertainment venues represent a unique and increasingly prevalent opportunity within the 810 system. Over the past several years, a number of well-capitalized concepts—including Pinstripes, Lucky Strike, and Punch Bowl Social—have developed premium locations across the country, many of which are now becoming available for repositioning.

810 has already demonstrated success in this strategy. Franchisees have opened second-generation locations in South Barrington, IL and the Kansas City market (former Pinstripes venues), while the company operates former Lucky Strike locations in Houston and Phoenix.

> These opportunities allow qualified franchisees to enter the 810 system with meaningful advantages:

- Lower capital investment relative to ground-up builds (often significantly reduced through existing infrastructure and landlord contributions)
- Accelerated timeline to opening, as site selection and much of the build-out are already complete
- Ability to convert high-quality, purpose-built spaces with targeted modifications

Conversion of 2nd-Gen Opportunities Cont.

> **While these locations are unmistakably 810, they differ slightly from our traditional large-format model:**

- Typically 20,000–30,000 square feet
- More urban, high-density trade areas
- Higher mix of event-driven revenue
- Elevated food, beverage, and overall guest experience expectations

As the brand has grown, 810 has developed strong relationships with national landlords, developers, and brokerage groups, many of whom proactively present these conversion opportunities as they arise.

[TABLE OF CONTENTS](#)

Conversion of 2nd-Gen Opportunities Cont.

> Why This Works for 810

Across concepts like Pinstripes, Lucky Strike, and Punch Bowl Social, a consistent pattern has emerged:
high-quality venues built with significant capital investment, often paired with cost structures that are difficult to sustain long-term.

- Typically 20,000–30,000 square feet
- More urban, high-density trade areas
- Higher mix of event-driven revenue
- Elevated food, beverage, and overall guest experience expectations

In many cases, these locations generate strong top-line revenue but struggle under:

- High initial build costs and associated capital structures
- Aggressive expansion strategies across multiple markets
- Complex operating models combining food, beverage, entertainment, and events
- Lease structures that limit financial flexibility

Conversion of 2nd-Gen Opportunities Cont.

- > **The opportunity is not in “fixing” failed concepts—it is in recognizing strong real estate and proven demand that can be unlocked with the right operating model.**

810 is uniquely positioned to capitalize on these situations by:

- Acquiring access to fully built-out, high-quality venues at a fraction of replacement cost
- Renegotiating leases to align with sustainable economics
- Applying a disciplined, proven operating model across all revenue streams

This allows 810 franchisees to enter markets with a significantly improved cost basis and a clear path to profitability from day one.

These conversion opportunities are best suited for franchisees who are flexible on market selection and focused on identifying the highest-quality real estate and economic opportunities within the system.

Our Valued Partners

As we continue to grow and evolve, we have forged relationships with several key national vendors that service our system as a whole. Real estate, design, construction, technology – we are always seeking great partners to add value to our family of locations. Having national, house vendors bring expertise, consistency and value-added service along with savings that come through working as a group of locations. Some illustrations as follows:

> **REAL ESTATE PARTNERS**

As the 810 brand has expanded nationally, we have developed a robust network of relationships across the commercial real estate landscape, including brokers, developers, landlords, and market specialists in key regions throughout the country. These relationships, combined with our growing track record, have provided access to a wide range of high-quality opportunities, particularly in the second-generation conversion space where speed to market and cost efficiency are critical. Our approach blends local market insight with national scale, allowing us to identify, evaluate, and secure sites that align with the 810 model while positioning our franchisees for long-term success.

> **BERMAN - ARCHITECTURE & DESIGN**

The Berman Design team supports all of our new locations across the country, through the entire process. They utilize cutting-edge Matterport 3D scanning technology to model existing conditions and avoid change orders in the field, from there they work hand in hand with the 810 team on the floor-plan, implementing our brand finishes and specs, taking a value-focused engineering approach to MEP, all the way through permit submission and construction administration.

Our Valued Partners Cont.

EQUIPMENT PARTNERS

We work exclusively with national providers and leverage our buying power to ensure savings for our franchisees on equipment.

> HIGH SCORE AMUSEMENTS - ARCADE

We have a national master agreement in place with High Score Amusements who equips and maintains our modern arcade installations at all 810 locations and ensures our franchisees offer an experience that wows our guests while also providing an industry leading revenue share.

> LASERTON - SOCIAL GAMING

LASERTON is on the leading edge of innovation in the entertainment industry with turnkey solutions for interactive darts, crazy arrows, and laser tag arenas that we utilize at many of our 810 locations around the country.

Competition

While there are other players in our industry such as KingsBowl, Splitsville, Pinstripes, Main Event, Bowlero, and Lucky Strike, they are all corporate-owned and unavailable for participation through a franchise system.

- > 810 is unique in being the only bowling and entertainment concept available for franchising.
- > We offer more variety in revenue streams than any other available entertainment concept.
- > 810's optimized footprint and build-out cost advantages allow us access to mid-size markets that our competitors typically ignore. We do this through a value-engineered approach to design and build that results in a total investment far less than our competitors' average build cost of \$8mm+.

Events and Customer Profile

As opposed to traditional bowling centers, 810 locations offer a private “back alley” of 4 to 8 lanes.

This creates a more upscale feel and can be utilized as a destination for corporate events, holiday parties, charitable fundraising events, adult birthday parties, and special event celebrations.

810 benefits from appealing to a wide array of different customers from families and children’s birthday parties in the afternoons, to young adults at the bar late night, we offer something for everyone.

Sales Team

810 has developed a national team that books events, parties and lane reservations for corporate and franchised locations. This will allow franchisees and their teams to focus on building long-lasting customer relationships and optimizing day to day operations.

Our team knows the 810 Entertainment brand better than anyone else and are promoting the same experience and package in every market. Our sales team will handle all advanced bookings from single lane reservations to large corporate events, allowing our franchisees to focus purely on execution.

This combined with our online reservation platform allows our dedicated sales team to maximize the value of customer relationships and drives incremental revenue for our locations.

Marketing

The company utilizes a structured marketing approach to drive brand awareness. Through digital media advertising, social media, and print advertising we steadily grow our audience year to year. Here is an example of some of our socials.

Website: 810bowling.com

Socials: [810 Houston Instagram](#)
[810 Phoenix Facebook](#)

The combo of appealing photography and a strong graphic library has enabled us to maximize outreach to target demographics. Our marketing strategy is both effective for the brand and cost-efficient for the franchisee.

Marketing Cont.

- > Our Customer Loyalty Program is integrated with our POS and allows franchisees to directly communicate new offers and promotions to participants in the program. The Loyalty dashboard offers extensive user analytics to monitor trends and optimize business offerings.
- > The 810 gift card program is also integrated with our app and loyalty program to enable streamlined management and tracking of all gift cards both physical and digital.
- > Our social media support includes content generation, promotional schedules, and advertising campaign structure and strategies.
- > Marketing investments are only as effective as they are track-able; our platform uses integrated digital tracking and mobile coupons so franchisees can quickly run reports to monitor the success of different campaigns.

Marketing Cont.

- > 810 will assist in crafting a multi-faceted pre-launch marketing campaign to generate excitement and awareness ahead of opening to ensure initial success and strong cash flows from day one of operation. This will include but is not limited to direct mail marketing, social media campaigns, outdoor advertising and TV/ Radio campaign coordination.
- > In-Store Marketing – The high volume of foot traffic and long average duration of guests visits makes in-store marketing a must for all 810 locations. We use A-frame signage, POP (point-of-purchase) signage, and wall graphics to communicate current and upcoming specials and events to all our guests.
- > 810 has been implementing radio and TV advertising successfully in their corporate markets for several years; we assist franchisees in creating similar content based in their local market.

- > Support in relation to the design of e-media and newsletters.
- > The right to use the 810 brand and trademark.
- > Relationship with third-party lending groups.

Frequently Asked Questions

Q: Do I need industry experience to become a franchisee?

A: No. Our comprehensive training and support will teach you everything you need to know to operate your location.

Q: Can I be a passive owner?

A: Absolutely, though we do require that you hire a qualified GM that will participate in our training program. We will assist in the hiring process.

Q: How do I find a viable location for my store?

A: We're involved in every aspect of location selection, from choosing a broker to lease negotiations per our site approval process.

Q: How do I set up payroll and handle HR issues?

A: We have a program set up with our POS provider to handle all of your payroll items including a user-friendly website and a dedicated rep to field HR questions 24/7.

Q: How do I source the food and supplies for my store?

A: We have a national contract with US Foods. They have a digital order guide that is pre-loaded with our foods, supplies, and special pricing all in place. They will also supply you with their state-of-the-art online ordering platform.

Next Steps

1. Review our EKIT materials.
2. Discovery phone call with our team.
3. Franchise Committee will review your application—must receive approval to continue.
4. Receive and review our FDD.
5. Discovery Day: Visit to Phoenix, AZ
6. Execute an 810 Franchise Agreement.
7. Find a location and build the store.
8. Begin looking for a second unit!
